ACTIVITY NOTES

IMPORTANT: Before your learners start the activity, work together with them to write the names of the animals under each of the pictures.

Consider having your learners completing this task in any of the following ways:

- *Before distributing the handout, read aloud the sentences.*
- *Distribute the handout, then read aloud the sentences before your learners begin to write.*
- *Work on the handout together. Read aloud each line as you begin each numbered sentence.*

For more advanced learners

- *Have your learners complete the handout without listening to the sentences.*
- *Read aloud the sentences after most of your learners have completed the task.*

Extension Activity

- *On a separate piece of paper, have your learners write about the 12 animals pictured on the handout, but use different animal combinations to make comparisons. For example: "Elephants are bigger than spiders." Encourage the use of adjectives not used on the handout.*
